

BELSIZE BAROQUE
Covid

- 1 All players must be socially distanced, at all times while playing and during any breaks.

- 2 Worship is currently confined to the back of the church, congregation using the main door. This area will in effect be cordoned off during rehearsals. We will be as usual in the front of the church, using a side door. The main door will be locked during rehearsals.

- 3 Chairs will be set aside for us, each player will wipe his/hers down before and after playing. Also disinfectant wipes in the bathroom.

- 4 We will not be able to provide refreshments.

- 5 Use of hand sanitiser is mandatory whenever entering the church (upon arrival and after each break).

- 6 The church has requested a list of attendees and contact details in advance.

- 7 We should take our breaks outside.

- 8 Please ensure that you have a mask with you. At the moment we don't think that wearing it is mandatory for players (although encouraged) but regulations can change. As at 24 August, the regulations require a member of the audience to wear a face covering.

- 9 The new guidelines suggest that players wear their concert clothes to the venue to avoid changing there.

- 10 All of the guidelines relating to rehearsals and performances are on the [gov.uk](https://www.gov.uk) website.
