SIMON STANDAGE; DIRECTOR

INFORMATION FOR PLAYERS

Introduction

We are currently in a period of change regarding rules, but right now we are expecting an audience of up to 100 people this time. We would like to sell as many tickets as possible to ensure all costs are covered so please invite friends and advertise on social media. As far as we know these are the current rules:

Please bring your own stand - there will be no sharing of parts.

Use the side entrance only and sign in when you arrive

Please use the hand gels on arrival and when you re-enter the church

Try to maintain social distancing at all times.

Players are not required to wear a face covering but bring one just in case.

We encourage you to wear your concert dress to the venue on concert day, rather than change

Tickets are available online there will be a limited number available on the door so please book in advance. Face coverings for audience members is advisory currently rather than mandated.

Tickets can be purchased here <https://www.wegotickets.com/event/524214>

PARKING AND WEEKEND ENGINEERING WORKS

There is very limited street parking in Belsize Park. We would advise players to take public transport whenever possible. Parking can also be found about ten minutes' walk from the church. Further information about this can be found by visiting the Camden Council website.

Trains in London can be a bit patchy currently so please check the status before travelling.

MUSIC

Printed bowed parts will be supplied at the first rehearsal. However, you should prepare your part in advance of the first rehearsal. Most of music can be found on YouTube and Spotify. You can download sheet music from the link below.
